

IN THE SPECIFICATION:

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~striketrough~~.

Please REPLACE the paragraph beginning at page 1, line 23, with the following paragraph:

However, in the case where the information are registered in the central apparatus, a third person can freely acquire the information. Therefore, there has been a problem in that information having a high secrecy cannot be registered easily. Moreover, provision information (information to be provided) such as a research paper, a research thesis or an operation manual has such a high literary property that they can be read but a problem arises if original data themselves are ~~deadly copied~~ freely copied and easily reused. For this reason, original data of such provision information itself cannot be registered in many cases.
